Dennis' All Natural Salsas

Dennis' Black Bean and Corn Salsa uses traditional Southwestern ingredients to create a flavorful salsa with a medium kick. It's chunky, hearty and spicy. In addition to putting it on chips, use it as a topping for burritos, a sauce for rice, or a flavor boost when stirred into a bowl of chili. Make our delicious Fiesta Chicken (recipe on website).

Dennis' Mango Salsa is the tropical flavor of mangoes combined with just the right amount of garlic, mint, and cilantro, flavorfully merged with a bit of jalapeno heat to make a wonderfully refreshing salsa. Not only is it great with chips and the requisite margarita, it's wonderful on chicken, fish, or pork.

Dennis' Pineapple Salsa is a delicious break from the ordinary. It's a wonderfully fresh combination of pineapple, garlic, mint, cilantro, and fresh tomatoes with a nice little kick of jalapeno. Try it with chips or on chicken. Enjoy it on your eggs or in your veggies.

Dennis' Fiery Red Salsa is a classic. Rich tomato flavor married with garlic, cilantro, cumin, and a hint of lime all followed by the kick of poblano, serrano, and habanero peppers. It's a wonderfully fresh flavor with just the right kick. Dennis' Fiery Red Salsa is available in medium and hot heat levels.

Blueberries are a wonderfully sweet treat and go so well with everything. So why not salsa? Dennis' Blueberry Salsa is the right balance of sweet and heat married with the wonderful flavor of blueberries. Try it on chicken. Pour it over a brick of cream cheese for an instant crowd pleasing appetizer. Spoon it into your plain yogurt to liven up breakfast. Or just try it with a nice salty tortilla chip.
